

Success Stories...

...Before I came to the **Harvest House** I was broken, hurting and in pain. My life was in turmoil. When you are down and out it seems that God opens another door. For me, that door was The **Harvest House**. Because of the help that I received from Trenny's gift of long suffering and her integrity, as well as her love for Christ, I was taught how to think positive, to set goals, to walk in love and most of all to love myself.

...The **Harvest House** gave me security and family structure through the program. I was given the tools I needed to walk in this life.

The **Harvest House Transitional Residence** is a faith-based, non-profit, transitional housing program for women.

We are located in Solano County and are conveniently located in a residential neighborhood near the bus stop, multiple restaurants, and shopping area. Our team of volunteers work together to provide love, care, life skills, training, and encouragement to women who feel hopeless. We equip women with the necessary fundamentals needed to become productive members of their families and community.
